

MD FAISAL ALAM

Lead Software Engineer

House: 20, Road: 05, Chandrima Model Town, Mohammadpur, Dhaka-1207

Email: faisalgbbox@gmail.com | Phone: +8801761770797 | LinkedIn: [linkedin.com/in/faisalzcpe](https://www.linkedin.com/in/faisalzcpe)

OBJECTIVE

Strategic Technical Leader with 12 years of experience architecting scalable microservices for high-volume international platforms across Japan, UK, Italy and Bangladeshi market. Expert in building high-concurrency systems using Python & PHP, currently specializing in AI-driven architecture, including LLM integration and RAG frameworks. Proven track record of leading cross-functional teams to deliver enterprise-level solutions. Seeking to leverage deep expertise in system design and AI augmentation to drive technical innovation in the global market.

TECHNICAL SKILLS

Backend & Architecture: Python (FastAPI, Django), PHP (Laravel, CodeIgniter), Microservices, High-Concurrency System Design, SOLID Principles, Design Patterns, Redis, Kafka, RabbitMQ, Unit Testing.

AI & Machine Learning: Large Language Models (LLMs - OpenAI, Anthropic), RAG Frameworks, LangChain, CrewAI, Vector Databases (Pinecone, ChromaDB), Prompt Engineering.

Data Engineering & Databases: PostgreSQL, MySQL, Data Integrity, Pandas, NumPy, Matplotlib, Data Visualization.

Infrastructure & DevOps: Docker, AWS, DigitalOcean, CI/CD Pipelines.

Frontend & UI: JavaScript, jQuery, React, Angular.

Leadership & Methodologies: Technical Leadership & Team Mentorship, Agile/Scrum, Cross-functional Collaboration, SDLC Optimization, Strategic Task Delegation, Technical Stakeholder Management.

CERTIFICATION

Associate AI Engineer for Developers – DataCamp | February 2026

Validates proficiency in developing production-ready AI systems, focusing on LLM integration, RAG architectures, LangChain, Prompt Engineering, Vector Databases, and deploying AI-powered backend applications.

Zend Certified PHP Engineer – Zend Technologies Inc. | September 2015

A highly prestigious, internationally recognized certification that validates top-level expertise in PHP and advanced professional competence.

PROFESSIONAL EXPERIENCE [12+ Yrs]

Nexus Core Solution – Dhaka, Bangladesh

Lead Software Engineer | Dec 2025 - Present

- Architected scalable microservices for high-volume Hospital Management & Micro-Finance Systems, integrating AI-driven solutions (LLM & RAG) to automate complex microfinance & healthcare workflows.
- Designed and optimized core modules for large-scale Microfinance platforms, & Hospital Management to ensuring 100% data integrity and system resilience under massive transaction volumes.
- Implemented RAG frameworks and AI-driven tools to enhance system intelligence and optimize high-volume data processing.
- Spearheaded a cross-functional development team, driving project delivery through strategic task delegation, technical mentorship, and close collaboration with product owners to align AI-augmented technical execution with client business goals.

Adventure Dhaka Limited (Subsidiary of Adventure(K.K.) Inc.) – Dhaka, Bangladesh (Japan-based Company)

Senior Software Engineer (Tech Lead) | Jun 2024 – Jun 2025 [1 Year]

- Designed and implemented robust, scalable microservices architecture for high-volume and high-concurrent travel platforms, focusing on high availability and seamless data synchronization.

- Led and mentored a high-performing development team, implementing Agile methodologies to streamline task delegation and ensure the timely delivery of complex reservation systems.
- Orchestrated the end-to-end development of large-scale reservation engines for Flights, Hotels, and Rental Cars, ensuring optimized search performance and secure API integrations.
- Acted as a bridge between technical teams and product owners to translate complex business requirements into high-quality technical solutions for the global travel market.

Cloud Next Generation Ltd. – Dhaka, Bangladesh & UK

Principal Software Engineer | Nov 2017 – May 2024 [6.5 Years]

- Designed and developed large-scale solutions for government, NGOs, and enterprises.
- Key projects: Diagnostic Management System, Microfinance, Multi-Vendor E-commerce, Resort Booking, POS, ERP, and SaaS platforms.
- Mentored junior developers, improving coding standards and productivity across teams.
- Collaborated with cross-functional teams for project delivery with client success.

ICT Euro Ltd. – Dhaka, Bangladesh (Italy-based Company)

Software Engineer | Apr 2016 – Sep 2017 [1.5 Years]

- Built a ride-share app(DriverHub) API using microservice architecture for Italian clients.
- Contributed to systems including artwork bidding, pet care management, and diagnostic center management.

Oxford International School – Dhaka, Bangladesh

PHP Developer | Dec 2015 – Mar 2016 [0.5 Years]

- Developed accounts and question bank modules of School ERP using PHP, CodeIgniter, Angular, and MySQL.

Service On The Web – Dhaka, Bangladesh (UK-based Company)

Web Application Developer | May 2014 – Nov 2015 [1.5 Years]

- Developed and optimized CodeIgniter-based web applications for the UK hospitality market, including a food ordering platform and a hotel booking system.

Systech Digital Limited – Dhaka, Bangladesh

Support Engineer | Feb 2012 – Apr 2014 [2.2 Years]

- Installation, Training, and Support of the BGMEA Biometric Identity and Worker Information Management System.
-

EDUCATION

Southeast University, Dhaka, Bangladesh

Bachelor of Science in Computer Science & Engineering | 2024

The North Polytechnic Institute, Rajshahi, Bangladesh

Diploma in Computer Technology | 2016

KEY HIGHLIGHTS

- **Engineering Leadership:** Over 12 years of experience in full-stack development and architecting scalable microservices for high-volume international platforms.
- **AI & ML Specialization:** Completed the **Associate AI Engineer for Developers** career track (DataCamp), gaining hands-on expertise in LLM integration, RAG architectures, and vector databases.
- **Technical Expertise:** Proven track record in building and scaling enterprise-level applications and high-concurrency systems using **Python** and **PHP**.
- **Strategic Management:** Expert in leading cross-functional teams, mentoring developers, and optimizing the SDLC to align technical execution with business goals.
- **Certified Excellence:** Recognized with the prestigious, internationally recognized **Zend Certified PHP Engineer** certification.
